

COMMERCIAL & INDUSTRIAL LAUNDRY SYSTEMS

finn SUPPLY

PRODUCT CATALOGUE

Authorized Tolkar-Smartex Dealer · Florida & nationwide, USA

AUTHORIZED DEALER

COMMERCIAL & INDUSTRIAL
LAUNDRY

ENGINEERED TO RUN. PROVEN WORLDWIDE.

Tolkar-Smartex washer-extractors, dryers,
ironers, folders & tunnel systems —
delivered, installed and serviced by Finn
Supply.

**You buy the machine.
We handle the rest.**

WHY FINN SUPPLY

One partner, from selection to service.

You don't just buy a machine — you buy years of uptime. We make that our job.

Authorized Dealer

Genuine Tolkar-Smartex machines and original parts — not a gray-market reseller.

Turnkey Delivery

Rigging, placement, utilities and setup — the machine arrives ready to work.

Install & Service

We commission every unit and keep it running with responsive service.

Proven Worldwide

The same technology trusted in laundries across 50+ countries.

Efficiency That Pays

Water- and energy-saving systems that cut operating cost every cycle.

Best-Offer Backed

Straight pricing with a best-offer guarantee and support included.

USA

Florida-based — serving all of Florida and nationwide across the USA — with delivery, installation, parts and service.

TOLKAR · SMARTEX TECHNOLOGY

Technology you can measure.

60%

Water Saving

Tank system with water-recovery reuses water in counterflow.

400G

Extraction Force

High-G spin removes more moisture — dryers work less.

Tolkar Ultimate Control System

PLC touch panels, 100+ recipes, USB transfer, remote access and reporting — plus **Smart Eye** centralized monitoring and automatic liquid detergent dosing.

SERVICE

You buy the machine. We handle the rest.

A great machine is only as good as the team behind it. Here's what "the rest" means.

01 

Consultation & Layout

We size the room to your volume and lay out an efficient workflow.

02 

Delivery & Rigging

Freight, placement and utility connections — handled end to end.

03 

Install & Commission

Every unit set up, calibrated and tested before you rely on it.

04 

Service & Maintenance

Responsive support and preventive maintenance to protect uptime.

05 

Genuine Parts

Original Tolkar-Smartex parts, stocked and shipped fast.

06 

Nationwide Coverage

Florida-based, supporting operations coast to coast.

PRODUCT RANGE

Everything your laundry needs.

One source for the full processing line — full models and specifications on the following pages.

COMPANY PROFILE

TOLKAR has established in 1969 as a family business regarding to produce textile processing and commercial laundry machines in city of Izmir, TURKEY. From the very first date, continuous development, better quality and customer satisfaction have made up a principle by TOLKAR where at the present day constitutes from 3 splendid innovative production factories in İZMİR Atatürk Industrial Zone, distributorship of the leader manufacturers of their sectors for supplementary products. TOLKAR has its own reputation in the world by reaching the production capacity of 3500 machines per year of various models and exports more than 91 countries abroad. Besides, 18 Regional Branches with their Sales & Service Managements in Turkey TOLKAR has more than 30 distributors with their Sales & Service Managements in abroad, ensures the fastest sales and after sales servicing facilities to their customers.

Along the stage of development, TOLKAR is devoted itself to differ as technological, ecological and economical supremacies. Utilization of latest technologies and techniques in production, TOLKAR performs from starting up the design phase, consequent research & development, prototype production, factory tests, field tests and mass production by accomplishing the mentioned triple mission. All revolutionary inventions those differs as technological, ecological and economical supremacies; have been protected with their Patents in all over the world. All our innovations offer to our customers uncompromisable and inapproachable savings where at the same time minimize the effluent in order to protect the environment for a clean world to the next generations.

TOLKAR provides all capacities of commercial & industrial laundry machines along with auxiliary equipment including turnkey projects and all textile/garment processing, washing, dyeing machines, unique waterless technologies right alongside the distributorship of the leader brands such as BIKO, COLMAC, SPEED QUEEN and RENZACCI.

In 2008, after acquisition of SMARTEX and its patented "Smart Balancing System", TOLKAR becomes the unique company who has the capability of manufacturing very high speed washer extractors by exerting 400 G force while spinning. Yet as the first and the only producer of the unique innovation introduced PolyRib ECO Drum, TOLKAR is proud to offer SMARTEX Miracle series which saves dramatically 50 % from the water, chemicals and heating energy and waste water along with the very first manufacturer of 'Direct Gas Heated' Washer Extractors.

Starting from 2013, TOLKAR announces to work on waterless and chemical free washing and processing technics by concentrating to develop Ozone Washing and Smart Flow Nano Bubble technologies for textile and garment industry in order to achieve dramatic reduction of water as well as to stop heavy chemical wastes. Today dissolution of the ozone gas within the water has achieved by TOLKAR wherein many garment processing steps can be done without chemicals and without any water discharge in shorter times. Same as Smart Flow Nano Bubble Spraying Technology achieves some steps without any water usage and without any discharge to environment.

In 2019, TOLKAR established the unmanned laundry and textile washing facilities with TOLKAR Future within the framework of Automation and Industry 4.0 applications. It has managed to establish an almost unmanned business by controlling all washing, drying, chemical transfer, recipe preparation and reporting from a single center by providing loading/unloading and textile transfers with automatic conveyors and shuttles.

With the consciousness of change alone is unchanging, TOLKAR will perpetuate the leadership in accordance with its mission to next generations.

VIRGO

Vacuum Feeder

Standard Features

- Vacuum Feeders are designed for huge capacity ironers in order to perform the most demanding high quality finishing tasks. It is suitable for linens, pillow cases, table napkins and table clothes.
- Ergonomic designed structure with high efficient centrifugal fans, a forceful airflow has created to catch, to flatten, to tauten and to feed the laundry.
- All movements such as string, bending, pulling fulfilled by operators normally, are done mechanically in order to achieve dramatically savings.
- Besides by reducing the gap of fed linens in between, efficiency of the ironer has been raised up.
- According to type of fed material, speed and vacuuming are adjustable whereas feeder relocates easily with carrier wheels.

SMART EYE

Your laundry, monitored 24/7

Smart Eye brings centralized remote monitoring, live diagnostics, consumption and production reporting to your Tolkar-Smartex machines — so problems are caught before they become downtime, and every cycle is accountable.
